I. OVERVIEW OF SAFETY AND SECURITY DEPARTMENT

INTRODUCTION

Morningside University and the Sioux City community are relatively safe environments. Even so, we fully recognize the potential for crime and accidents. We are constantly taking proactive approaches to minimize the risk and enhance the security and safety of the entire campus community – students, faculty, staff, alumni, and visitors.

However, the University staff cannot do this without help from everyone, including the students. Everyone must take responsibility for their own safety and belongings and the safety of their neighbors. Anyone who observes suspicious activity should report it immediately to Campus Safety and Security. People should be aware of the potential for loss or theft if personal items are left out in the open and not guarded.

At no time does Morningside University assume any responsibility for theft, damage to, or loss of money, valuables, or personal property.

Morningside University is a private institution. Campus facilities are for the use of Morningside University students, staff and faculty and their guests. Campus Safety and Security works closely with the University's physical plant, residence life, and administrative staff to establish appropriate levels of security at all times. Safety and security issues within academic buildings should be reported to Campus Safety and Security or residence life staff in the residence halls as quickly as possible.

CAMPUS SAFETY AND SECURITY OFFICE

Campus Safety and Security is the administrative office at Morningside University that is responsible for the safety and security of the campus. It includes a director, assistant director, one full-time officer, and 20-25 part-time student safety and security aides. The Director reports to the Associate Vice-President of Business/Controller. Campus Safety and Security employees are not sworn or commissioned officers. They do not carry weapons. They do not have arresting authority however can detain individuals for questioning by authorities. The Sioux City Police Department, Woodbury County Sheriff's Office and the Iowa State Patrol handle all arrests. All on-duty personnel wear a distinctive security uniform. They provide basic security services to the campus community and are on duty 24 hours a day 365 days a year. Members of the Campus Safety and Security staff attend training programs specifically designed for security personnel.

Campus Safety and Security has a close working relationship with the Sioux City Police Department and the Woodbury County Sheriff's Office. All major crimes (felonies) are reported to the Sioux City Police Department, which assumes responsibility for any investigation that may be necessary as soon as possible. In the case of emergencies, the Sioux City Police Department is notified immediately.

The Campus Safety and Security offices are in the Olsen Student Center, just inside the main front doors and the Director and Assistant Director's office is located in the Hickman-Johnson-Furrow Learning Center. The phone number for Campus Safety and Security is 712-274-5234. Campus Safety and Security staff members are available either in the office or by calling the Safety and Security number, which will reach them through the radio.

General services provided by Campus Safety and Security are campus patrols, response to criminal and non-criminal activity, escorts, jump-starts and unlocking vehicles. Safety and Security officers make routine patrols of campus buildings and check exterior doors and windows of buildings, and regular patrols of parking lots. They also monitor the mechanical rooms of each building and report any potential problems to the Director of Physical Plant.

Campus Safety and Security is the department in charge of publishing the Annual Security and Fire Report. Campus Safety and Security maintains a daily and monthly log of reported crimes written in a form that is easily understood. The log is available to the public for inspection in the Director of Campus Safety and Security Office located in the Hickman-Johnson-Furrow Learning Center. The daily and monthly logs provide the nature, date, time, and general location of each crime. Additionally, the disposition of the complaint is given, if known. Information, including updates, is added as the information becomes available. If there is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withdrawn. As a matter of policy, names are not included in the monthly log.

Campus Safety and Security works with Student Life to collect information during the year to ensure accuracy in reporting crime statistics for the Annual Safety and Fire Report. Campus Safety and Security also works with various law enforcement agencies to gather statistics when groups travel off-campus. Campus Safety and Security also reaches out to all Campus Security Authorities on campus to ensure they are reporting incidents immediately, to ensure prompt reporting and accurate statistics.

CAMPUS LAW ENFORCEMENT

Morningside University Campus Safety and Security officers have the authority to ask individuals for identification and to determine whether individuals have lawful business at Morningside University. Morningside University Safety and Security officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Safety and Security officers do not possess arrest power. Campus Safety and Security may detain an individual for questioning. Criminal incidents are referred to the Sioux City Police Department who has jurisdiction on the campus. The Campus Safety and Security Department maintains a highly professional working relationship with the Sioux City Police Department and other law enforcement agencies in the area. All crime victims and witnesses are strongly encouraged to immediately report crimes to Campus Safety and Security and the Sioux City Police Department. Prompt reporting will assure timely warning notices are issued as needed and the timely disclosure of crime statistics.

REPORTING CRIMINAL ACTIVITY AND EMERGENCIES

Individuals need to dial 911 to reach the Sioux City Police Department or Sioux City Fire Department in the event of emergencies. Any emergency situation or knowledge of a crime should be reported immediately to Campus Safety and Security by calling 712-274-5234 or by going to the Safety and Security Office located in the Olsen Student Center or the Hickman-Johnson-Furrow Learning Center. When calling either number, you should stay on the line until the appropriate authorities tell you to hang up. You should be able to provide the exact location, the status of the situation, and who is involved in the incident.

Students and employees may also report criminal offenses to the Vice President for Academic Affairs, Vice-President for Student Life and Enrollment, Vice-President for Business and Finance, area coordinators, RAs, coaches, and faculty. All names are kept confidential and not included in daily logs in an effort to protect those who are reporting the crime from retaliation. Only certain personnel will have access to the names of the informants to provide them with protection.

Emergency Call Boxes are in the following places:

- Roadman Hall Main Entrance
- Residence Complex, lower main entrance
- Dimmitt Hall east bridge door on Vine Ave.
- Poppen Hall upper entrance
- Waitt Hall upper entrance
- Lags Hall south entrance

II. GEOGRAPHY

RESIDENCE AND CAMPUS FACILITIES

The University has eight buildings classified as residence halls, each housing 8-350 students. Head Residents (HRs), Head Apartment Managers (HAMs), Apartment Managers (AMs) and Resident Assistants (RAs) are upper-class students who have been carefully selected and trained to assist individuals on the floor and help maintain a healthy educational environment in the buildings. Area Coordinators are professional members of the Residence Life team who live in the residence hall setting. The residence life staff receives training in basic security and emergency situations.

Residence halls are locked 24 hours a day. Residents may obtain entry using the FOBs they were issued upon arriving. It is the responsibility of the student to ensure that his or her room is secure.

During Christmas Break, all students are required to vacate the halls except with permission from the Office of Residence Life. The halls are not fully staffed during this break, so keys and/or fobs are normally collected from students to limit access to the halls. During other breaks, students will not be asked to turn in their keys but will be required to notify their RA that they will be on campus at such time.

Hall meetings provide the opportunity for residents to learn about building security, campus and residential policies, and enforcement procedures.

All guests in the residence halls must have a student host and are subject to University policies and regulations. The host is responsible for the actions of, and any damage caused by the guest. Overnight guests are usually permitted on the weekends but may not stay more than two consecutive nights. If a roommate objects to the presence of an overnight guest, that guest may not spend the night. Members of the opposite sex may only be on a floor or in a student room during visitation hours. However, main lounges in the residence halls are not subject to these restrictions. Visitation hours in the residence halls are from 10 a.m. to 1 a.m., Sunday-Thursday. There are no limits to visitation on Fridays and Saturdays except for first-semester freshmen, whose visitation on these days is between 10 a.m. and 2 a.m. Individual floors may choose to restrict hours even beyond the visitation guidelines set by the University.

All buildings are regularly inspected by Campus Safety and Security and Maintenance to ensure that all emergency lighting is working properly. They also ensure that all alarms, doors, and locks are working properly. Outside security concerns are addressed regularly.

FACILITY ACCESS POLICY

During business hours, the University (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all University facilities is by key/FOB if issued by Campus Safety and Security, Facilities, or Residence Life. In the case of periods of extended closing, the University will admit only those with prior approval to all facilities.

Solicitation is strictly prohibited on campus unless prior approval is given by the Vice President for Student Life and Enrollment.

ADJACENT PUBLIC PROPERTY

Crimes that occur within public property, including thoroughfares, streets, sidewalks, and parking facilities that are within the campus or immediately adjacent to and accessible from the campus will be reported.

OFF-CAMPUS ACTIVITY

Morningside University does not recognize any off-campus organizations.

III. REPORTING PROCEDURES

Campus Safety and Security is available 24 hours a day to answer your call. Once your call is received, Campus Safety and Security will take the appropriate action needed at the time of the incident. They will ask the victim(s) to file a report with the appropriate authorities at the time as well.

All Campus Safety and Security reports are forwarded to the appropriate people for further action. This may include Office of Residence Life, Office of Student Life, Business Office, and in some cases, the Sioux City Police Department. Additional information collected during the investigation may be forwarded to the Sioux City Police Department unless the victim does not wish to pursue criminal charges.

If assistance is required from the Sioux City Police Department or Sioux City Fire Rescue, Campus Safety and Security will contact the appropriate unit. If a sexual assault should occur, staff at the scene, including Campus Safety and Security, will offer the victim a wide variety of services. Morningside University has access to a variety of agencies that assist the victims in these situations such as SafePlace (formerly Council on Sexual Assault and

Domestic Violence (CSADV)). At any time, anyone can ask about these resources through the Director or Assistant Director of Campus Safety and Security, Student Life, Campus Chaplain, Director Student Health, or the Personal Counselor.

Crimes should be reported to the Campus Safety and Security Department or any of the aforementioned personnel to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the campus community, when appropriate. A person may still report a crime and not want to pursue criminal or campus charges.

CRIME REPORTING

The Campus Safety and Security Department encourages anyone who is a victim or witness to any crime to promptly report the incident to Campus Safety and Security. Campus Safety and Security makes all attempts to keep information that would possibly jeopardize an investigation confidential until such time is deemed that such information can be released. In most cases, in the daily crime log, names are left out for the privacy of such individuals. All Clery Act crimes are included in the Annual Security report.

CONFIDENTIAL REPORTING PROCEDURES

If you are a victim of a crime and do not want to pursue action within the Morningside University system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Safety and Security or a designee of the Campus Safety and Security Department can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Records filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Campus Counselors as a result of the rulemaking process which followed the signing into law the 1998 amendments to 20 USC § 1092 (f), clarification was given to those considered to be campus security officials. Campus “pastoral counselors” and campus “professional counselors,” when acting as such are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

CRIME PREVENTION PROGRAMS

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. At the beginning of the year, the Office of Residence Life meet with all students to go over building rules and during this time, students are talked to about personal safety, in and out of the dorms. Campus Safety and Security personnel facilitate programs for students, faculty, staff, and student

organizations, in addition to working with Residence Life on programs for students on how to protect themselves against sexual assaults, theft, and other crimes. New employees are given similar information during their orientation. During the year, various crime prevention and safety related information is sent out to the entire campus.

At all times, students, faculty, or staff can call Campus Safety and Security for an escort at any time. Campus Safety and Security also encourages students to walk with others and not alone at any time they do not feel safe, especially at night.

SECURITY AWARENESS PROGRAMS

Any time during the year Campus Safety and Security, Residence Life, and Counseling Services are able and willing to offer students programs concerning personal safety. Programs include safety in the residence halls as well when they are on and off campus. Morningside University works with various local agencies and the Sioux City Police Department to present various programs for the benefit of the students, faculty, and staff at the University.

All times Campus Safety and Security stresses safety starts with the student, faculty, and staff member.

When time is of the essence, information may be sent via the Morningside Electronic Notification System (ENS), campus email, or signs posted around campus.

If anyone would like to schedule a program for their group, they are encouraged to contact Campus Safety and Security at 712-274-5234 or the Office of Residence Life which will help in the planning of such programs.

SAFETY TIPS

Personal Security Recommendations

- Never walk alone at night. Use sidewalks.
- Walk in well-lit areas.
- Walk close to the curb, away from bushes and alleys.
- If you must walk alone, inform someone at your destination when to expect you so he or she will be waiting.
- Request an escort if you are alone during hours of darkness.
- If you are attacked, **SCREAM!!!** Bite, kick and stomp the attacker's foot with your heel. Do anything to bring public attention to your situation.
- Keep items of value out of sight.
- Safeguard any documents that include personal information that others could use to commit identity theft.
- Lock your door whenever you leave your room.
- Report any suspicious activity immediately to Campus Safety and Security or the Sioux City Police Department.

Residence Hall Safety and Security Advice

- Lock your room door – even if you are just going to the restroom or into the room next door. Most crimes that occur on a residential campus are crimes of opportunity and happen when a door is left unlocked.
- Lock your door before you go to sleep.
- Do not prop open residence hall exterior doors.
- Do not lend your keys to anyone at any time.
- Inform your roommate or friends where you will be if you plan to remain away from your room overnight.
- Mark articles of value with an identifying number/mark. Photograph valuable property and keep a record of this information. Do not use your Social Security number or any other number that could have value to others.
- Notify Campus Safety and Security by calling 712-274-5234 if you need an escort from a parking lot, classroom building or residence hall.

Severe Weather Advice

- Move to the lowest part of the building or a central hallway without windows.
- Stay as far away from windows, mirrors, or unsecured objects such as dressers, cabinets, or bookcases.
- DO NOT USE ELEVATORS
- Be ready to assist those with disabilities.
- Remain in the safe area until the warning has expired, and you have been given the all-clear from Campus Safety and Security or Residence Life
- Listen to local TV or radio stations on AM/FM radio or your weather radio.
- Planning ahead and knowing where you are to go in severe weather situations could help save your life!

Armed Assailant Advice

- Remain as calm as possible.
- Lock and barricade yourself in the nearest room. Use large items to block the door. Try to tie the door closed, if possible, with belts or other items.
- Turn off all lights.
- Close blinds.
- Turn off computers if possible.
- Silence cell phones.
- Get away from all windows and doors. Keep low to the ground but be prepared to act quickly.
- If you are able to, call the Sioux City Police Department by calling 911 with the location of the assailant and your location. Have someone else call Campus Safety and Security at 712-274-5234. When calling give your location, the number of individuals in your location, any injuries, the name of the assailant, if possible, any descriptions of the individual, what they are wearing and have with them. Any information will assist them in finding the suspect.

- Try to remain on the line even if you are not speaking to allow the dispatcher to hear what is going on.
- Try to stay as quiet as possible; any noise will alert the shooter to your location.
- If you try to leave a secure area, have a plan in mind and leave any items behind as they will hinder you as you leave. When approached by the Police Dept. do not be alarmed, have your arms in the air, and work with them giving them any information that will lead them to the shooter. You may have to break a window to leave a room safely.
- If the assailant enters the room, you need to be prepared to use force. Use items in the room such as books, desks, chairs, or anything that you can throw at the assailant. Be prepared to overcome the assailant with force. Having a group of individuals trying to overcome the assailant may be an option.

Students living on campus during Christmas break, Spring break, May term or summer who violate this policy may face immediate housing suspension for the remainder of that break as well as other disciplinary action at the discretion of the Office of Residence Life.

NOTE: Discretion may be used in applying sanctions in cases where violation is of such a nature to warrant additional or more severe actions.

* Mandatory alcohol assessment is to be completed by a licensed mental health professional. Students must complete the regimen of meetings and activities as directed by the mental health professional until a time in which you both agree the services are no longer needed. You must sign a waiver allowing your counselor to provide the Office of Residence Life with documentation of your attendance and evaluation outcomes. Failure to complete the full regimen of meetings and activities or to provide the Office of Residence Life with documentation of your progress will result in immediate sanctions including, but not limited to, housing suspension. Arrangements for alcohol assessment can be made through the Office of Residence Life. Any costs associated with the alcohol assessment are the responsibility of the student and are typically done at a reduced rate.

EMPLOYEE SANCTIONS - ALCOHOL AND DRUGS

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by employees on University property, or while conducting business on behalf of the University off campus, is absolutely prohibited.

Violations of this prohibition by employees may result in the application of sanctions, including possible required participation in an approved drug abuse assistance or rehabilitation program, and disciplinary action up to and including termination of employment under applicable State and/or University regulations, University policies, statutes, and employment contracts. The severity of disciplinary action for violations of this policy shall be determined on a case-by-case basis.

FEDERAL AND STATE OF IOWA PENALTIES — ALCOHOL

Federal and Iowa law penalizes the unlawful possession, sale, use or distribution of alcohol. Penalties vary based on many factors including specific charges (i.e. whether charges are felonies or misdemeanors). Misdemeanor penalties may include confinement in jail for up to twelve months and/or fines up to \$1,500. Offenders may also lose their motor vehicle license for up to a year.

Felony penalties may include a term of imprisonment from one to five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 5 years and a fine of not more than \$7,500, either or both.

FEDERAL AND STATE OF IOWA PENALTIES — DRUGS

Federal and Iowa law penalizes the unlawful manufacturing, distribution, use, and possession of controlled substances, including prescription drugs. Synthetic designer drugs such as “bath salts,” “plant food,” and “carpet cleaner,” contain mixtures of many different chemicals, including those that resemble cocaine, methamphetamine, and MDMA or “ecstasy.” Federal law makes the distribution of “analogue” substances marketed for human consumption illegal if those substances are chemically similar to a scheduled illegal drug and have the same pharmacological effect on a user.

The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to \$10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport or conceal a controlled substance, and the denial of professional licenses or federal benefits such as student loans. The punishment for the possession and/or distribution of a controlled substance is up to 20 years in prison and a fine up to \$1 million dollars. Convictions under Iowa law may be a misdemeanor or felony crimes with sanctions ranging from probation to life imprisonment and/or fines up to \$1 million. Iowa specifically prohibits the sale, gift, distribution, and possession of synthetic cannabinoids which carry penalties as an aggravated misdemeanor.

Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. A similar Iowa law carries sanctions an additional five-year imprisonment.

ALCOHOL AND SUBSTANCE ABUSE INFORMATION

PREVENTION PROGRAMS

The University has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students. The program provides services related to drug and alcohol use and abuse including dissemination of informational materials, educational programs, counseling services, referrals, and University disciplinary action.

Morningside University Safety and Security, Residence Life, Student Health, and Personal Counseling Services provide the overall coordination of these programs. These programs include:

Alcohol and Drug Education: Programs by Safety and Security, Residence Life, Student Health staff and Personal Counseling services address issues of concern throughout the year.

The Educational Programs include emails, posters across campus and in the residence halls, videos, the use of drunk goggles, and presentations by off-campus resources. Resident Assistants (RAs) are required to do programming on how alcohol affects the body, reactions, and your body if consumed in large quantities. This information is also sent to all faculty and staff on campus in accordance with our Drug-Free campus policy.

Counseling Services and Referral Services: Morningside personal counselors will meet with students on alcohol and drug related issues. They may refer them to off-campus resources such as Rosecrance Jackson Recover Centers for more in-depth treatment they can provide. If individuals feel they have a friend or colleague that is in need of assistance,

they are encouraged to reach out to Campus Safety and Security, Residence Life, Human Resources, Student Health, or other campus resources.

University Disciplinary Action: In most cases, disciplinary action will be taken including fines and in severe cases, removal of the student(s) from the University, including classes and the residence halls. The student does have the right and ability to appeal the actions which are outlined in the [Student Handbook](#).

SEXUAL ABUSE - SEXUAL ASSAULT POLICY

Morningside University is concerned about the safety and welfare of all campus members and guests and is committed to providing a living and learning environment, free of all forms of abuse, violence, harassment, and coercive conduct, including sexual misconduct. In an effort to promote the dignity and well-being of members of the campus community, the University is committed to addressing allegations of sexual abuse and/or sexual assault. The University will also provide educational programs to promote an awareness of rape, acquaintance rape, and other sex offenses. The University has developed this policy, which is consistent with the Student Right-To-Know and Campus Security Act, Public Law 101-542 (Clery Act), and State of Iowa Code 709

Morningside University will not tolerate sexual misconduct in any form. Sexual misconduct may include (but is not limited to) acquaintance or date rape, non-consensual sexual intercourse (or attempts to commit the same), non-consensual sexual contact (or attempts to commit the same), or sexual exploitation. Members of the Morningside University community are strongly encouraged to report all incidents of sexual misconduct. Reports of sexual misconduct received by the University will be taken seriously and will be investigated.

Acts of sexual misconduct may also have certain criminal and civil law repercussions. University personnel are available to assist victims in contacting law enforcement and emergency medical providers if the student so chooses.

When Morningside University determines that a case of sexual abuse and/or sexual assault might have taken place, the University will fulfill its legal obligation to report the same to the appropriate law enforcement or other legal authority for appropriate disposition.

This policy does not address acts of sexual harassment, also considered sexual misconduct, which is dealt with in a separate policy, also found in this report and in the [Student Handbook](#).

Sexual Misconduct Offenses Include, But Are Not Limited To:

Non-consensual sexual intercourse (or attempts to commit the same): Intercourse is narrowly defined. Non-consensual sexual intercourse is any sexual intercourse (anal, oral, or vaginal), however slight, with any object, by a man or woman upon a man or woman, without effective consent. This includes vaginal penetration by a penis, object, tongue, or

finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact).

Non-consensual sexual contact (or attempts to commit the same): Non-consensual sexual contact is any sexual touching, however slight, with any object, by a man or woman upon a man or woman without effective consent. This includes any contact with the breasts, buttock, groin, or genitals, or touching another person with any of these body parts, or making another person touch you or themselves with or any of these body parts. Non-consensual sexual contact may also include unwanted disrobing or exposure.

Sexual Exploitation: Sexual exploitation occurs when an individual takes non-consensual, unjust sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses. Examples of sexual exploitation include, but not limited to, prostituting another student, non-consensual video or audiotaping of sexual activity, going beyond the boundaries of consent (such as your friends secretly watch you having consensual sex), voyeurism, and/or knowingly transmitting an STD or HIV to another student.

Definitions:

Pursuant to Iowa Code 709, the following is the statutory definition of sexual abuse:

709.1. Sexual Abuse Defined.

Any sex act between persons is sexual abuse by either of the participants when the act is performed with the other participant in any of the following circumstances:

- A. The act is done by force or against the will of the other. If the consent or acquiescence of the other is procured by threats or violence toward any person, or if the act is done while the other is under the influence of a drug-inducing sleep or is otherwise in a state of unconsciousness, the act is done against the will of the other.
- B. Such other participant is suffering from a mental defect or incapacity which precludes giving consent or lacks the mental capacity to know the right and wrong of conduct in sexual abuse.
- C. Such other participant is a child.

NOTE: The term sex act or sexual activity means any sexual contact between two or more persons, by penetration of the penis into the vagina or anus, by contact between the mouth and genitalia or anus of another person, or by the use of artificial sexual organs, or substitutes therefore in contact with the genitalia or anus.

NOTE: A child is a person aged fourteen or younger.

709.5. Resistance to Sexual Abuse.

Under the provisions of this chapter, it shall not be necessary to establish physical resistance by a participant in order to establish that an act of sexual abuse was committed

by force or against the will of the participant. However, the circumstances surrounding the commission of the act may be considered in determining whether or not the act was done by force or against the will of the other.

709.11. Assault with Intent to Commit Sexual Abuse.

Any person who commits an assault, as defined in Section 708.1, with the intent to commit sexual abuse is guilty of a Class “C” felony if the person thereby causes serious injury to any person and is guilty of a Class “B” felony if the person thereby causes any person a bodily injury other than a serious injury. The person is guilty of an aggravated misdemeanor if no injury results.

In addition to these terms as defined by the State of Iowa laws and regulations, Morningside University has identified these additional definitions as they pertain to Sexual Misconduct:

Effective Consent

Effective consent is informed, freely, and actively given mutually, understandable words or actions which indicate a willingness to participate in mutually agreed upon sexual activity. Consent is not effective if it results from the use physical force, threats, intimidation, or coercion. Silence is not consent. Previous sexual or other relationships may not be taken as indication of consent.

Complainant (the Accuser)

The person/persons filing the complaint with the University under the Domestic and Dating Abuse and Violence policy.

Respondent (the Accused)

The person/persons names as the perpetrator in the complaint who is alleged to have committed an act in violation of this policy.

If you have experienced or are experiencing sexual misconduct, please consider the following:

- A. **Get to a safe place and seek out supportive people you can trust to assist you.** Contact a friend, resident assistant (R.A.), apartment manager (A.M.), head resident (H.R.), area coordinator (A. C.), residence life professional staff, campus Safety and Security, campus nurse, University staff or faculty, or someone you feel safe with.
- B. **Get medical attention.** If you are injured, you should consider going to the hospital of your choice as soon as it is safe and possible. Getting medical attention will allow trained medical professional to assess and treat any injuries you may have received and answer any questions about your physical health.
 - a. UnityPoint Health-St. Luke’s, 2720 Stone Park Blvd. Sioux City, IA
 - b. MercyOne Medical Center-Sioux City, 801 5th Street, Sioux City, IA

- C. **Preserve all evidence.** Do not change your clothes, shower, bathe, or douche. If possible, do not go to the toilet. Save all clothing, linens or other items that may have been touched by the assailant so they may be given to the police for evidence. All physical evidence, including seminal fluids, hair, blood types and scrapings of flesh from the victim's fingernails is used in court.
- D. **Sexual Assault is a crime, and you are strongly encouraged to report it.** Reporting sexual abuse/sexual assault DOES NOT commit you to filing a complaint with the University or criminal charges with the Sioux City Police Department. You can make that decision later.

Reporting the Incident

Students have the following four options to report any instance of Sexual Misconduct. You have the right to choose to do any or all of these options, or to do nothing. The choice is yours:

1. **Report the incident of abuse/violence, but choose not to file a complaint with the University or criminal chargers:**
 - a. A report is a written or typed account of what happened that is taken by the Title IX Coordinator or anyone listed as an On-Campus Resource for reporting Sexual Misconduct. This report is for documentation purposes only and will be kept on record with the University.
 - b. If a student wishes NOT to pursue the case through the University conduct system, the student will be able to determine that when he/she provides his/her report.
 - c. If the student is unsure, he/she wishes to file a report, they are encouraged to file a report so that information about the incident is documented while it easily remembered.
 - d. Having a sexual misconduct experience documented by a University staff member does not obligate you to report the incident to the Sioux City Police Department. Similarly, reporting directly to the Sioux City Police Department does not obligate you to file a complaint with Morningside University. These are separate processes.
2. **File a formal complaint with the University:**
 - a. This report is designated as a formal complaint by the complainant, and the University will investigate the incident as appropriate. A written or typed account of what occurred must be turned into the Title IX Coordinator or anyone listed as an On-campus Resource for Reporting Sexual Misconduct.
 - b. A student will be able to choose not to pursue the case at any time throughout the process.
 - c. The University will investigate the incident, which may include speaking to the respondent (the accused), witnesses, and gathering other information. The University will then make recommendation or decision based upon the information presented. The investigation may take several days or weeks, depending on the circumstances.
 - d. Conduct processes, as outlined in the [Student Handbook](#), will be followed throughout the process of the complaint.

3. Pursue criminal charges

- a. A student that wishes to file criminal charges will need to file an official report of the assault with the Sioux City Police Department. Responding officers could contact the proper authorities if the assault took place outside their respective jurisdiction.
- b. On-Campus Resources for reporting Sexual Misconduct, the Office of Residence Life and Campus Safety and Security can assist you in contacting the Sioux City Police Department.
- c. Filing a report with the Sioux City Police Department does not obligate a student to follow through with legal action or action through the University.

4. Pursue both University and criminal charges

- a. The process outlined in Option #2 and Option #3 occurs at the same time.
- b. University proceedings and criminal investigations and adjudication of the incident occur independently.

Incidents of sexual abuse/sexual assault may be reported either by the victim or by another person who shall serve as a liaison with the appropriate University personnel. The information given regarding incidents of sexual misconduct will be kept confidential to the fullest extent permitted by law and be handled with the student's privacy and discretion in mind.

Get Help and support. Counseling can provide guidance to your healing in a confidential setting. The University's Personal Counselor can also provide referrals to supportive organizations and other off-campus resources. Personal Counseling may be contacted at 712-274-5606.

The University recognizes that persons who are victims of sexual abuse/sexual assault have an important personal need for advocacy and support. The University's Title IX Coordinator maintains a record of advocacy and support services available, i.e., SafePlace (formerly Council on Sexual Assault and Domestic Violence (712-258-7233)) and other agencies that may assist in this regard. The campus and the community offer services to assist the victim of Domestic and Dating Abuse and Violence, including the transportation to the hospital, as advocates in the legal process, and in working towards psychological recovery from assault.

Confidentiality

If you have been affected by an incident involving sexual misconduct you may wish to seek confidential counseling and support. You could speak with any of the following **confidentially**. They will listen and explain options and will maintain information received as private. They will not share confidential information with University personnel others unless required to do so by law. When a formal complaint is filed, the University reserves the right to conduct an investigation and impose sanctions or corrective measures as deemed appropriate and in accordance with University policies. All reports and investigations of harassment will be done as discreetly as possible; however, full confidentiality or anonymity may not be attainable. Retaliation against persons making a report of an incident in good faith will not be tolerated and will be subject to additional University disciplinary actions as deemed appropriate.

Response

If you have experienced or are experiencing domestic and dating violence or abuse, please consider the following:

- A. Get to a safe place and seek out supportive people you can trust to assist you.** Contact a friend, resident assistant (R.A.), apartment manager (A.M.), head resident (H.R.), area coordinator (A. C.), residence life professional staff, campus Safety and Security, campus nurse, University staff or faculty, or someone you feel safe with.
- B. Create a safety plan.** The campus offices and resources listed above can help in identifying strategies and other measures that can be taken to enhance your personal safety and security. Safety plans may take in account your living situation, attending classes, and other regular campus activities and may aid in reducing any anxiety, fear, or intimidation after an accident. A safety plan can be obtained through Residence Life, Student Services, or Campus Safety and Security.
- C. Get medical attention.** If you are injured, you should consider going to the hospital of your choice as soon as it is safe and possible. Getting medical attention will allow trained medical professional to assess and treat any injuries you may have received and answer any questions about your physical health.
 - a. UnityPoint Health-St. Luke's, 2720 Stone Park Blvd. Sioux City, IA
 - b. MercyOne Medical Center-Sioux City, 801 5th Street, Sioux City, IA
- D. Write Down (document) what happened.** Make some personal notes about the incident from your perspective, when it happened, how the events of the incident took place, etc. This information may be helpful if you choose to report the incident to the University or the Sioux City Police Department. Personal notes may also help you remember what happened at a later time. If you have evidence (voicemails,

texts, emails, social media, etc.) it is important to keep it so that it may be added to your case if necessary.

- E. Seek Help and Support.** Domestic and Dating Violence/Abuse can be a traumatic experience. Students are encouraged to seek assistance from a therapist or counselor to help process the events.
- F. Domestic and Dating Violence and Abuse is a crime, and you are strongly encouraged to report it.** Reporting sexual abuse/sexual assault DOES NOT commit you to filing a complaint with the University or criminal charges with the Sioux City Police Department. You can make that decision later.

Get help and support. Counseling can provide guidance to your healing in a confidential setting. The University's Personal Counselor can also provide referrals to supportive organizations and other off-campus resources. Personal Counseling may be contacted at 712-274-5606.

Disciplinary Actions

Violations of the Hate Crime Policy will result in disciplinary action for any perpetrator who is found guilty of the offense under university disciplinary procedures. The disciplinary action may include counseling to understand the impact of this behavior on others and may result in action including suspension from University. Any student perpetrator who is found by the University to be guilty of hate crimes may be suspended indefinitely from the institution.

Both the complainant and the respondent are entitled to the same opportunity to have others present during a conduct committee hearing as outlined in the Students' Rights, Freedoms, and Responsibilities Statement.

Education Programs: Sexual Assault, Domestic Violence, Dating Violence, Stalking, and Bystander Intervention

Educational programming is done throughout the year in the residence halls and on campus through the assistance of Campus Safety and Security, Residence Life, Student Activities, and various other campus and local organizations. All programs are open to the entire campus including students, faculty, and staff to attend. Information is also posted

throughout campus via posters, sent out via email, and posted on the Myside intranet website.

On campus activities included events, presenters, emails, and posters around the campus. Programs and events are done across campus at various times. Commuters are informed of this information through emails sent out to the campus throughout the year.

Information on how to report crimes is sent out at various times during the year including how to report sexual offenses and general crimes. Safety and Security works closely with Campus Security Authorities, Residence Life, and others across the campus to ensure proper reporting is done.

Student Life sends out information to all incoming students about sexual assault and bystander intervention techniques.

SECURITY ALERTS

Morningside University makes timely reports to the campus community regarding crimes reported to Campus Safety and Security and/or the Sioux City Police Department that are considered a threat to other students and employees. In the case of a major emergency or severe weather, alerts are posted via the *Morningside Electronic Notification System*, which will alert all students, faculty, and staff via a text message to their cell phone and an email to their university email account. They may also be posted in the residence halls, the Olsen Student Center and in the campus newspaper, the *Collegian Reporter*. In some instances, the alerts will be broadcast via KMSC Fusion 92.9, the campus radio station. In the case of a major emergency, updates will be posted to the University website and messages will be sent out via the *Electronic Notification System*. In the case of the campus being closed due to weather, a message will also be sent out using the *Electronic Notification System* from the Academic Affairs Office. Crime and Security alerts will be issued via an e-mail sent out to all students, faculty, and staff alerting them of crimes that may put the campus at-risk for both short-and long-term periods of time. Security Alerts are advisories reminding the campus community of crime trends, not necessarily in response to a specific crime.

TIMELY WARNINGS

In the event that a situation arises, either on or off campus, that in the judgment of the Director of Campus Safety and Security or his designee constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued without delay to the campus community and the proper law enforcement authorities will be contacted, if appropriate.

Timely warnings will include the following:

- Date/time of the incident,
- Location
- Nature of the crime
- Information that promotes safety such as crime prevention and safety tips

- Information that will assist individuals in protecting themselves

Situations which a timely warning would be issued:

- Reoccurring sexual assaults
- Armed robbery on or near campus
- Attempted robbery on or near campus
- Any situation that could pose a serious or ongoing threat to the campus community

The following people/offices can issue (write and issue) timely warnings:

- Director of Safety and Security
- Assistant Director of Safety and Security
- Title IX Coordinator
- Director of Residence Life
- Vice President for University Engagement

Timely warnings will be issued via the Morningside Emergency Notification System (ENS) and email. Timely warnings will not include any victims' names. Anyone with information that would warrant a timely warning should report the information to Campus Safety and Security by phone at 712-274-5234 or in the Safety and Security Office in the Hickman-Johnson-Furrow Learning Center.

Morningside College is not required to issue a timely warning with respect to crimes reported to a campus counselor or the campus chaplain.

EMERGENCY NOTIFICATIONS

If there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus and community, an emergency notification will be sent to the campus community via the Emergency Notification System. The message will contain what the threat is and what you should do to protect yourself from the threat.

Upon confirmation of the threat, an emergency notification will be sent to the campus immediately, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Morningside University uses an Opt-Out System for the Emergency Notification System. All students, faculty, and staff are automatically enrolled in the system when they supply a cellphone number to the University. All students, faculty, and staff will receive an email notification whenever there is an alert being sent out even if they opt out of the cellphone notifications.

Situations that an emergency notification could include issued but not limited to:

- Armed assailant

- Hostage/barricade situation
- Riots
- Severe weather (tornadoes, etc.)
- Fire/explosion
- Suspicious death
- Gas leak
- Outbreaks of serious illnesses
- Suspicious package
- Hazardous materials spill

Process of issuing an Emergency Notification:

1. Confirm there is a significant emergency or dangerous situation.
2. Determine the appropriate segment or segments of the campus to receive the notification.
 - a. Entire campus
 - b. Partial segment of the campus
3. Determine the content the notification will include.
 - a. Weather related.
 - b. Campus threat (armed assailant)
 - c. Health related (illness outbreak)
 - d. Hazardous materials spill
4. Initiate the Emergency Notification System (text and email)

The following people/offices can issue (write and issue) emergency notifications:

- Director of Safety and Security
- Assistant Director of Safety and Security
- Title IX Coordinator
- Director of Residence Life
- Vice President for University Engagement

As the situation unfolds, follow up notifications will be sent to keep the campus informed of any changes that have occurred. A timely warning may be issued as well if the situation changes in the case of an armed individual shooting an individual.

EMERGENCY PROCEDURES

Morningside University maintains an emergency response plan to guide it through a sensitive or dangerous situation. Examples are, but not limited to, fires, explosions, natural disasters, and violent crime events. When such an event is verified, the University community will be notified via the Emergency Notification System and action will be taken immediately to isolate the affected area, remove those in the affected area, and stabilize the area pending arrival of emergency response organizations. An emergency will be declared, and the University Emergency Operations Center (EOC) will be established to resolve the situation and support any non-campus organizations called in to resolve the situation. When the EOC has determined the emergency has ended and it is safe to return to campus

or resume regular activities, notice will be sent out to the entire campus community. Depending on the duration of an emergency, information will be sent out to the campus alerting them of the status of the situation and the possible closing of campus for a period.

Process of alerting campus and surrounding area

1. Once a report is received the Director of Safety and Security or his designee will check its validity if possible.
2. If possible, the Director of Safety and Security or his designee will confer with the Associate VP of Business and Finance/Controller on the report.
3. If not possible, an alert will be sent out to the campus that a report has been received without any delay. If only a portion of campus is affected, that affected segment will be notified.
4. Once the appropriate message is formed, the notification will be sent out to campus.
5. Depending on the situation, the alert will include information on what to do such as evacuating a certain area, shelter in place, and so on. This will be determined at the time of the report and the appropriate notification will be sent out.
6. Information will be sent to the local media if it is deemed necessary to ensure the safety of those around campus.

TESTING OF EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Evacuation drills are coordinated by Campus Safety and Security and Residence Life in all the residence halls and apartments four times a year. Students will learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Campus Safety and Security and Residence Life does not notify residents in advance about the evacuation drills to mimic a real-life situation so they will treat it accordingly. Designated long-term locations are planned out depending on the location of the residence hall and the availability of the locations. Campus Safety and Security and Residence Life will make the determination if a long-term location will be needed at the time of the incident and plan accordingly.

Email notifications are sent out concerning evacuation procedures concerning academic buildings. Faculty and staff are encouraged to communicate with their students and their respective offices on where they will meet if they do need to evacuate and what to expect.

The entire campus is notified of emergency procedures every semester via email and during hall meetings. All tornado shelters are clearly marked on campus and the list is communicated to the entire campus so they can prepare in the event they need to be used. The campus is notified of what to do during all types of emergencies and this information is also readily available online on the Campus Safety and Security website.

MORNINGSIDE UNIVERSITY CRIME STATISTICS

Annual Disclosure of Crime Statistics

The Morningside University Campus Safety and Security Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crimes Statistics Act (Clery Act) (20 USC § 1092). This report is prepared in cooperation with the Sioux City Police Department, Residence Life, Campus Security Authorities (CSA), off-campus law enforcement authorities, and Student Life. Each of these areas provides updated information on crime statistics and their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the Campus Safety and Security Office, designated campus officials, (including but not limited to directors, deans, department heads, resident life staff, advisors to students/student organizations, and athletic coaches), and local law enforcement agencies. Student Services and counseling staff inform their clients of the procedures to report crime to Campus Safety and Security on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially.

Each year, an email notification is made to all enrolled students, faculty, and staff that provide access to this report. Copies of this report may also be obtained at the Campus Safety and Security Office located in the Olsen Student Center or by calling 712-274-5234. All prospective employees may obtain a copy from Human Resources located in the Business Office that is located on the first floor of Lewis Hall or by calling 712-274-5114.

The following criminal occurrences were reported to Campus Safety and Security. The statistics are presented in accordance with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092). The definitions for these crimes are taken from the FBI's Uniform Crime Reporting Program, as modified by the Hate Crime Statistics Act. These statistics are drawn from Campus Safety and Security files, residence life records and campus safety and security authorities (coaches, faculty, staff, etc.), as defined by the Clery Act.

*2022 Annual
Fire Report*
10/1/2023

*The Morningside University experience
cultivates a passion for life-long learning
and a dedication to ethical leadership and civic responsibility*

FIRE REPORT INTRODUCTION

Morningside University takes precautions to prevent fires from occurring in all campus residence halls. The Residence Life Staff, Campus Safety and Security, and building maintenance and custodial staff are all trained in how to use fire extinguishers, how to evacuate students and staff, and how to call Sioux City Fire Rescue annually. All fire extinguishers are checked annually by law and if one is noticed to be missing and/or used, it is immediately replaced or recharged for future use.

However, it takes precautions by everyone, including all students that are living in the residence halls to help prevent fires from happening at all. Students can take precautions such as not leaving laptop computers on beds or blankets, not using open flames (candles, matches, lighters) in the dorms, and checking electrical cords to ensure that if they are torn, they are replaced.

ITEMS NOT PERMITTED IN THE DORMS

The following are not permitted in the residence halls at any time:

- Open flames (candles, lighters, matches)
- Smoking
- Microwaves in the room
- Hot Plates in the room
- Portable heaters

EVACUATION PROCEDURES

Once the fire alarm is set off, Residence Life staff will evacuate all those in the dorm and move them to the safest place possible away from the building. Residence Life staff will go from room to room and enter the room and tell those in the room that they will need to evacuate immediately. Those students found not in compliance are fined for failure to evacuate. They will then proceed to the fire panel box to see where the alarm is located and go investigate the problem. Most of the residence halls are on an automatic call from our alarm company, Midwest Alarm, to call Sioux City Fire Rescue. Residence Life staff will at no time put themselves in danger to put out a fire. If they are unable to extinguish the fire with an extinguisher, they will evacuate and let Sioux City Fire Rescue know of the location and extent of the fire if one is present. Once Sioux City Fire Rescue gives the "all-clear" to Campus Safety and Security and/or Residence Life, students will be allowed to re-enter the dorm and rooms. If there is an extended period of time that the students may be outside during inclement weather, they will be moved to another building until the situation is resolved. If there happens to be a fire and the building is not suitable for occupancy, temporary housing will be provided on campus in cooperation with University staff and the Siouxland Red Cross if warranted.

During inclement weather students will be moved inside to another building to keep them out of the elements.

Reporting Fires

If a fire does occur on campus, students, faculty, and staff are to call 911 and Campus Safety and Security to notify them of the situation. Safety and Security staff also notifies the Director and Assistant Director of Safety and Security when there are alarms on campus and when Sioux City Fire Rescue is on scene. If there is a fire, the Director and/or the Assistant Director of Safety and Security will respond accordingly along with the Director of Facilities and Vice President for Marketing and Communication. When a fire occurs in the residence halls, the Director of Safety and Security and/or Assistant Director of Safety and Security will notify the Vice President of Business and Finance, Vice President of Enrollment and Student Life, Vice President for University Engagement, and Vice President for Academic Affairs, and the President.

WHO TO REPORT FIRES TO

Per federal law, Campus Safety and Security is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already occurred and been extinguished in on-campus housing. These are fires for which you are unsure whether Campus Safety and Security or Residence Life may already be aware. If you find evidence of such a fire, or you hear about such a fire, please contact one the following:

Campus Safety and Security	712-274-5234
Director of Safety and Security	712-274-5500
Assistant Director of Safety and Security	712-274-5505
Assistant Director of Residence Life	712-274-5335
Area Coordinator, Residence Life	712-274-5339
Area Coordinator, Residence Life	712-274-5337

When calling, please provide as much information as possible about the location, date, time, and cause of fire.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each academic year. These programs are designated to familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. Everyone is made aware that there are maps in each dorm room of the nearest evacuation route from their rooms in case of a fire and where fire pull stations are located as well. During these times, it is stressed that at any time the fire alarm goes off that it should be treated as a real fire situation. Students with disabilities are assisted by the "buddy" system. There are also fire drills done each semester to help educate students and residence life staff about what to do in the event of a fire.

Faculty and staff are reminded throughout the year about fire safety in emails and videos. They are reminded that certain items are not allowed in offices or on campus due to the fire risk.

Each semester an email reminder about fire safety is sent out. This includes what to do during a fire alarm, what items are not permitted in the residence halls, and that they should not put their life at risk to try to put out a fire.

2022 Fire Drills and Training:

Fire drills were conducted throughout the year in the residence halls in conjunction with Residence Life. All fire drills were unannounced. There are 4 drills done per year. After each drill, residence life staff meets to debrief.

Sioux City Fire Rescue conducts yearly inspections of all buildings.

Bekins Fire does yearly inspections of all fire extinguishers in each of the residence halls.

Fire Extinguisher Training is done by Sioux City Fire Rescue Fire for Residence Life and Campus Safety and Security.

If a fire does occur, students are instructed to leave the area per the evacuation routes and get outside as quick as possible before calling 911 for help. They are to remain outside until all students have left the building. RAs are instructed to pull the fire alarm as they leave the building if they can do so without risking their personal safety. They may also try to put the fire out with a fire extinguisher if possible and not risk their personal safety as well.

This includes new panels, heads, and other means of detection. Currently there are no immediate plans to upgrade or improve the systems in the residence halls.
