

Dear [NAME] -

When the COVID-19 Stimulus Bill was passed in March, included was a provision called the CARES Act Higher Education Emergency Relief Fund. Morningside was provided these federal dollars to distribute to our students whose lives and financial situations have been impacted by the COVID-19 crisis.

Over the last several weeks, officials have been working closely with Morningside and other higher education institutions to finalize the guidelines for distributing money to students.

You are receiving this letter because you meet the criteria to receive these funds. That means during Spring Semester 2020 you:

- Filed your FAFSA and deemed eligible for Title IV Federal Funds
- Enrolled as a full-time student for courses that were to have been held in-person (online students are not eligible)
- Remained enrolled for the duration of the semester

To receive these funds, you may request a check or direct deposit [here](#). Questions may be directed to the Morningside College Business Office.

Please be well. We look forward to seeing you on campus again soon.

Ron Jorgensen
