Verification
Morningside College is required by federal regulations to verify parent and student income along with family size and number of family members currently enrolled at institutions of higher learning. Morningside College reserves the right to verify information provided by all financial aid recipients. Financial aid eligibility will not be finalized until all requested forms are received, including IRS tax return transcript, and completed verification forms. If the number of family members enrolled at institutions of higher learning changes at any time during the year, such changes must be reported to the Office of Student Financial Planning. In order to equitably distribute institutional funds, Morningside College reserves the right to verify the enrollment of family members attending different institutions. If a discrepancy occurs between the number of family members reported to be enrolled at the time the financial aid application is completed and the number actually enrolled (at least half time for one semester), institutional grants may be affected.
