Our dedicated security team ensures round-the-clock safety on campus, aiming to create a secure atmosphere conducive to academic and personal growth. We offer a 24-hour escort service for safe travel between campus locations, as well as vehicle assistance for emergent situations like battery jumps or lockouts. Additionally, transportation support is available for individuals including, but not limited to, those on crutches, walking boots, wheelchairs, and those just needing extra assistance.

## CAMPUS PARKING

To park on Morningside University's campus, students are required to have a parking permit, which they can register for via a link in an upcoming email from Brett Lyon or Campus Safety and Security. This permit, costing \$100 for the year, allows parking in designated lots, offering a safer option during winter and avoiding the city's 24-hour street parking rule which could lead to tickets or towing. Should students change their vehicle, they can replace the permit without an additional \$100 fee but must pay \$50 for a second permit for an additional vehicle. Parking regulations are sent out at the beginning of the year.

## COMPUTER FAQ

### Q: DO I NEED INSURANCE FOR MY COMPUTER?

**A:** YES -- All students are liable for the loss or theft of their computers. Laptops are purchased with a 3-yr warranty that covers hardware repairs and accidental damage. However it does not cover theft or loss. Either purchase a renters insurance policy or check if the family homeowner’s insurance policy covers the laptop, whether at home, on-campus, or traveling.

### Q: WHAT IF MY LAPTOP IS LOST OR STOLEN?

**A:** Report the theft to the local Police Dept. and to Campus Security. Then, contact the I. T. Help Desk with the Police Report Number and summary of what happened. If you are filing a claim with your insurance company, we can provide the configuration and replacement value of the laptop.

### Q: AM I RESPONSIBLE FOR REPAIRING MY COMPUTER?

**A:** Computer warranty and Accidental Damage Protection (ADP): Computers are purchased with 3-yr warranty & ADP. ADP service is handled by Morningside and is included in the technology fee. There is up to a \$200 deductible per damage incident. Repairs are provided on-campus through the I.T. Help Desk. They provide both hardware and software support and can provide a loaner computer if extended repairs are needed.

### Q: WHAT ABOUT PRINTING?

**A:** There are 21 Student Print Stations located throughout campus, including all residence halls and academic buildings. There are currently 20 black & white and 2 color print stations. The color stations are located in Olsen Student Center (lower level) & the other in Buhler-Rohlf's Hall on the bridge.

### Q: HOW LONG DO I KEEP THIS COMPUTER?

**A:** The University has a 2-yr technology refresh program. All incoming freshmen receive a new computer, then “refresh” to a newer computer when the current computer is two years old. Transfer/Re-Admitted students will receive the model year that coincides with the technology refresh schedule based on their anticipated graduation year and will be notified when it is time to refresh.

### Q: I CHOSE A MACBOOK COMPUTER BUT HAVE A CLASS THAT REQUIRES THE WINDOWS VERSION OF MICRO-SOFT OFFICE. WHAT DO I DO?

**A:** I.T. can provide a license for “Parallels” for a single term to complete the necessary coursework for that class. Professors will provide a list to the I.T. department of students who need this. Lab fee applies.

### Q: WHAT TECHNOLOGY WILL I NEED FOR MY DORM ROOM?

**A:** While wireless access for your computer is available across the majority of campus, you will need to connect devices such as gaming boxes through the Ethernet port in your room. Ethernet cables are available at local retailers or online. All ethernet connected devices must be given network access by the Help Desk.

**A:** It is a good idea to purchase a portable external hard drive, such as a thumb drive to save your documents.

### Q: HOW DO I SAVE A BACKUP COPY OF MY HOMEWORK?

**A:** You are strongly encouraged to back up your data regularly. Morningside provides a safe secure network drive “Google Drive” for you to save your coursework. It is highly recommended that you also save it to a thumb drive or external device.

### Q: HOW DO I ACCESS MY MORNINGSIDES EMAIL?

**A:** The “MySide” page provides quick links to your Morningside Email, CampusWeb, Moodle and other campus info and is handy as your browser homepage. See: [my.morningside.edu](http://my.morningside.edu)

### Q: MY LOGON AND PASSWORDS DON'T WORK FOR MOODLE OR CAMPUSWEB.

**A:** To reset your password, go to: [passwords.morningside.edu](http://passwords.morningside.edu). Help with passwords or other questions is available at the I.T. Help Desk or call (712) 274-5544.

### Q: HOW CAN I GET HELP WITH A SUPPORTED SOFTWARE APPLICATION?

**A:** For help with software, see the “Help” option of the software you’re using. I.T. staff may be able to assist with some software applications as well.
